Sealmatic Shines At Oil, Gas & Power World Expo 2025, Mumbai, India

7th March 2025 : Sealmatic recently participated in the Oil, Gas & Power World Exhibition held in Mumbai, India, an event organized by ChemTech Foundation. This prestigious exhibition served as a key platform for industry leaders, experts and professionals from across the globe to showcase their latest innovations and technological advancements.

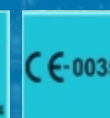

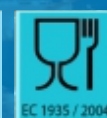

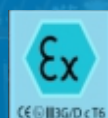

Sealmatic secured a prime location at the heart of the exhibition hall. The 56 sq. mtr. booth was strategically positioned at the epicenter of the venue, directly opposite to some of the biggest names in the Oil, Gas & Power industry. This prominent placement played a crucial role in attracting a high volume of footfall from various sectors, including Original Equipment Manufacturers (OEMs), End Users, EPC companies etc

One of the biggest highlights of Sealmatic presence at the exhibition was our dedicated engagement zone, **'Experience The Seal-Magic'**, through an interactive digital setup, visitors were creatively transformed into Superheroes. This interactive corner captivated attendees which left remarkable impression. Throughout the event, the Sealmatic Blue Team actively engaged with a diverse spectrum of industry professionals, from top executives to technical experts.

With a meticulously designed booth reflecting Sealmatic blue theme, we ensured that our visitors were provided with a world class experience. Our team had insightful discussions with representatives from various critical industries. We extend our gratitude to all our valued customers, partners and visitors who took the time to engage with us during the exhibition., say; Umar AK Balwa – Managing Director.
